## COMMERCIAL.

## Umana Wholesale Market OFFICE OF THE OMAHA BEE, } Saturday Evening, April 29.

The wholesale mercantile trade of the sity has been in a very satisfactory condition throughout the week and qu table changes by no means numerous. Not a surplus of buyers in market in person yet all report a fairly active order trade. Staple groceries in particular are re-

ported as very active. Prices as a rule are steady, though syrups and rice are firm at quotations, with a prospect of a still further advance, while coffee is weak and ruling lower.

Dry goods, carpets, boots and shoes, hats and caps, millinery, clothing and furnishing goods and leather show no lack of animation, and no new features have been developed.

Paints, oils and drugs have been fairly active -a brisk local demand-while the jobbing business is about an ordinary average and the variations in prices mod-Bar iron and tinners' stock are reported

as weakening in prices under a fairly active movement. The produce market for the past week

presented only a moderately active appearance. In some lines the commission men report quite a dull tone. Potatoes receipts are quite heavy, de-

Corn—Firm; 74½ for cash; 72c for May; 71½ for June; 72½ for July; 72 for At 10:15 Saturday a special train At 10:15 Saturday a special train left the junction at the corner of 15th and Farnam, with General Manager Marsh and a party of invited guests on board. Among the latter were Hon. A. J. Hanscom, whose block, it will be remembered, is located right at the junction; Hon. Chris. Hartman, of the state board of agriculture, and Hon. John R. Manchester. The run was made in remarkably fast time, the terminus being reached at

10:30. This is at present at the northeast corner of the park, where a turn-table will be located. An order was sent in long ago for this turn-table, but the letter containing it is supposed to have been lost in the Omaha postoffice during the disappearance of mail generally. Thus the line is compelled to open without it. On the way out the ex-Fl ur-Dull and not materially changed; cursionists noted particularly the fine way in which the track was ballasted from the foot of St. Mary's avenue to the top of the hill. This portion of the route Captain Marsh has had macadamized, in order to avoid having to tear up the line when the street shall be paved, as it no doubt will be

in a few years at most. The appearance of the car and the distinguished party created the utmost excitement all along the route. Women ran to tell their neighbors and then with their children climbed up on the fences to get a look at the novel spectacle. Only a brief stop was made at Park Station, the motive power being there transferred to the other end of the car. The party was joined here unexpectedly by J. H. Bracken, Esq. The run in was made at a lively rate and at 10:45 the car, No. 14, stopped again at the Wabash left on the noon train yesterday for Calicorner after an absence of just half fornia. an hour, and the manager received the warmest congratulations of his friends upon the event he was celebrating.

An exciting occurrence took place on the return trip, as the car was passing W. J. Connell's residence on St. Mary's avenue. Here it met the out going car and passed on a siding con structed for the purpose. The sight created no small sensation, being about like the meeting of two great steamers in mid ocean, and as the drivers exchanged quids of tobacco there was scarcely a dry eye on

No. 14. The new line will be known as the "St. Mary's and Park avenue line." Beginning with yesterday two cars will be run regular between the city and park, and the number will be in-creased as occasion may demand.
